

# Threshfield Primary School

*"Seeing my daughter skip into school smiling says everything."*  
**Parent Questionnaire**

## Care, Support and Guidance

All adults within the school are committed to providing a safe and nurturing environment for all children.

We make sure we listen to children's thoughts and opinions, and offer support and guidance, working with parents and other agencies when necessary, to overcome any difficulties, and ensure there are no hindrances to children's development.

We also aim to provide an education that will meet the needs of all of our children, so we provide extra support for those children who need it. Children with special educational needs are quickly identified and appropriate support is put in place to allow them to develop to their full potential.

Our Special Education Needs Coordinator (SENCo – qualification through Edgehill University) works hard to help children deal with any issue that causes a barrier to their learning.

We take the safeguarding of children very seriously, and follow rigorous procedures to ensure the safety of our children at all times.

Children in our school are also encouraged to support each other. The School Council are ready to listen to any concerns children have, and to try to help.

100% of parents agree that, 'The children demonstrate genuine concern for the wellbeing of one another.' Parent Questionnaire 2024

***“Pupils are polite  
and welcoming.  
They conduct  
themselves well.”  
Ofsted 2023***

## Partnership with Parents

At Threshfield Primary School we have a welcoming atmosphere and actively seek to involve families in the life of our school. The Headteacher or a member of staff is in the playground at the start and end of the day.

Many queries and concerns can be dealt with at this time. Each term, we open our school up to parents so that they can join their children in lessons. These events provide opportunities to look at the colourful displays around school, presenting your child's work, look through exercise books and see exciting lessons around school.

As well as this, parents are given a school report and are invited to two Zoom parents' evenings over the year to discuss your child's progress in all subjects and their social interactions with their peers. Parents are, of course, welcome to make an appointment to see the teacher at other times.

We are committed to working closely with parents and will always find the time to talk.

You can also find out what is going on through weekly newsletters which give details of events in school and on our website.

## Parent Teacher Association (PTA)

We are lucky to have an active Parents' Association which organises and assists with special events, such as school fairs and cake stalls. They are also excellent at organising parent events to further develop an enhanced school community and support network.

The Parents' Association has been very successful in raising funds for the school and have provide us with some amazing resources including, interactive whiteboards, handwriting and spelling books for the whole school, reading books for our children and each year they pay for the Year 6 children's leavers books and hoodies.

There are regular meetings and everyone is welcome.
