

# Threshfield Primary School

## Welcome

I am delighted to welcome you to Threshfield Primary School, a small rural village school with a thriving community ethos. We pride ourselves on the family atmosphere that permeates all aspects of school life, providing children with the genuine care and nurture that they need to thrive, from their early years all the way through to year 6. We strive to ensure that all children feel happy, safe, secure and truly valued as individuals in our school family.

Our vibrant and exciting curriculum embraces the beautiful rural surroundings in which we are situated, recognising local history, heritage, geography, business links and, most importantly, the aspirations of all our children. Our aim is to develop every child's individual talent whether it be academic, artistic or sporting. High quality, personalised learning opportunities enable our children to thrive, providing them with the necessary experiences and skills to achieve their full potential as independent learners in the 21st Century.

## Every child matters. Every Moment Counts.

Children are at the heart of the school. Staff and governors work effectively with parents to ensure the holistic development of each child, providing a well-balanced education with excellent pastoral care. Our shared school values underpin the ethos of the school and represent the high standards of behaviour and learning which we encourage both inside and out of school. These values encourage all members of the school community, children and adults alike, to be responsible, and successful members of society.

100% of parents agree that, 'My child likes school and is happy there.'  
Parent  
Questionnaire 2019

*"The school has highly effective relationships with parents and the local community. All parents who responded to the Ofsted questionnaire, Parent View, would recommend the school to others."*

***“Our son has developed a lot since moving to Threshfield. He was filled with anxiety and this has really be minimised at this school. He feels part of the fabric and enjoys learning again. I am very pleased to see this.” Parent Questionnaire 2019***

**Our Vision is to inspire all children with a love of learning. We want our children to become outstanding future citizens who are resilient, resourceful and responsible.**

- We aim to ensure that all children achieve their full potential, both personally and academically.
- We aim to secure happiness and success, ensuring our pupils have the confidence to respond to change, by providing a culture of positive behaviour and safety which inspires and fosters high aspirations.
- We aim to provide a calm, supportive atmosphere and set high standards of respect, courtesy, hard work and achievement for all children and adults.
- We aim to provide a meaningful, stimulating and engaging curriculum that motivates children to become fully involved in their own learning.

- We encourage children to make decisions for themselves and acquire the skills to become independent learners.
- Through our school organisation and curriculum, we aim for children to value and recognise the uniqueness and achievement of every member of our school family.
- We aim to promote British values and attitudes of care, tolerance, trust and respect within the school and wider communities and an understanding and tolerance of the beliefs of others.
- We pledge to work in partnership with parents in accomplishing our aims.
